1. Do you, in your operations as recognizing NCB, request sample(s) while processing the "recognition" of CBTCs?

Yes/  No.

If yes, why? NCB GOST Re requests samples while processing the "recognition" of CBTCs in all cases when there are additional requirements mandatory to issue GOST Re Certificate within GOST Re Certification System (for example additional tests for noise, vibration, etc.). At the same time NCB GOST Re requests samples when the edition of standard mentioned in the CBTC is older then the edition Russian valid standard has been harmonized with.

2. In addition to the CB Test Certificate and CB Test Report, what is needed in your opinion in order to increase your confidence in order to avoid asking for sample(s) and improving the recognition timeframe?

Name of NCB: Executive Board of the NCB GOST Re

Name and signature: V.Timko
