1. Do you, in your operations as recognizing NCB, request sample(s) while processing the "recognition" of CBTCs?

Yes/  No.

If yes, why? Requirement of some Accreditors in North America.

2. In addition to the CB Test Certificate and CB Test Report, what is needed in your opinion in order to increase your confidence in order to avoid asking for sample(s) and improving the recognition timeframe?

A factory audit report would improve confidence but not overcome the above noted problem.
