1. Do you, in your operations as recognizing NCB, request sample(s) while processing the "recognition" of CBTCs?

Yes/ No.

If yes, why? make sure that the sample submitted for their approval has had no changes from the samples that were used. The mandatory scheme in Korea requires the sample for national recognition.

2. In addition to the CB Test Certificate and CB Test Report, what is needed in your opinion in order to increase your confidence in order to avoid asking for sample(s) and improving the recognition timeframe?

Under consideration.
