1. Do you, in your operations as recognizing NCB, request sample(s) while processing the "recognition" of CBTCs?

Yes/  No.

If yes, why? \_\_\_\_\_ Sample is requested for:

- Testing for national differences and EMC if applicable
- Identification purposes
- Countercheck of components used (esp. for older CBTCs)

2. In addition to the CB Test Certificate and CB Test Report, what is needed in your opinion in order to increase your confidence in order to avoid asking for sample(s) and improving the recognition timeframe?

- More detailed documentation for identification purposes.
- Product documentation/information issued by manufacturer also to be submitted
- Experience shows that in most cases photo documentation is not adequate for identification of the product.

Name of NCB: OVE

Name and signature: W. Martin

Date: 2005-09-27
