1. Do you, in your operations as recognizing NCB, request sample(s) while processing the "recognition" of CBTCs?

Yes/ No.

If yes, why? _____

2. In addition to the CB Test Certificate and CB Test Report, what is needed in your opinion in order to increase your confidence in order to avoid asking for sample(s) and improving the recognition timeframe?

An excellent photo documentation is essential for not asking for a test sample. The CTL-OP 107, Guideline for photographs for CBTRs, however, is still too vague in its requirements to guarantee the necessary level of quality. A review of the Guideline in view of high-resolution digital photography will move into the right direction.
