E-mail: [pro@iec.ch](mailto:pro@iec.ch)

Member Body: **Belgian Electrotechnical Committee**

Submission date: **10-04-2006**

Detailed information related to “EMC Regulatory Requirements” that apply in your country when an Applicant seeks a Certification Mark from the relevant NCBs located in your country:

EMC Regulatory requirements in the electrotechnical field are in the scope of the transposed EMC-directive, which refers to the harmonized European standards in the EMC area which furnish to the manufacturer presumption of conformity with the essential requirements of the directive.

These European harmonized EMC-standards are transposed in the Belgian EMC-standards.
