**Member Body: LCIE**

**Submission date: 2006/04/24**

Detailed information related to “EMC Regulatory Requirements” that apply in your country when an Applicant seeks a Certification Mark from the relevant NCBs located in your country:

In France, no specific EMC regulatory requirements exist for the delivery of a Certification Mark like NF or EMC Mark. The process applied is based only on the analysis of TRF's and the checking of the well application of all the relevant articles of the applicable standards regarding the submitted apparatus.
