Detailed information related to “EMC Regulatory Requirements” that apply in your country when an Applicant seeks a Certification Mark from the relevant NCBs located in your country:

The European EMC Directive is implemented in Norway (as for other EU/EEA member states).

Compliance with applicable EMC standards is also a precondition for Nemko's voluntary N-mark certification. The documentation of such compliance will be referred in the certificate, and as minimum be a Suppliers Declaration of Conformity according to the European EMC Directive.
