

COLLECTION OF CTL DECISIONS

Standard: IEC 60598-1/1996 IEC 60598-1/1999	Sub clause: General	Sheet N°: 002/03 Page: 1 (1)
Subject: Luminaires system for 230V.	Key words: - Luminaires system - Extra low voltage - IEC 60598-2-23	Meeting: OSM/LUM No. 15 WG1 No. 1 - 2 Item: 9.1.5
<p>Question: A luminaire is constructed for use with a supporting method as principally specified for “extra low voltage lighting system for filament lamps” (IEC 60598-2-23). This luminaire is for 230 V. Can we agree that the appliance is primarily tested according to IEC 60598-1 and relevant requirements of IEC 60598-2-23?</p> <p>Decision: The luminaire cannot be accepted as a system according to IEC 60598-1; only one luminaire with clear connection can be certified.</p> <p>Explanatory notes: --</p>
