

CTL DECISION SHEET

Standard: IEC 60598-1/2003 IEC 60400/2000 A1/2002	Sub clause: Annex A 2.3	Sheet N°: 124/06 Page: 1 (1)
Subject: Push-on lampholders	Key words: - Push-on lampholder - New lamps - Live parts	Meeting: Decision confirmed at CTL 43 rd meeting
<p>Question: How do we deal with push-on lampholders for new lamps 8 – 11 – 13 W with lamp cap W4.3x8.5d.</p> <p>Decision: Push-on lampholders cannot be prohibited. However when using tubes of low wattages the risk of accessible live parts should be taken into account, by measuring according to Annex A of IEC 60598-1. Accept the luminaires provided with the new lamps 8 – 11 – 13 W (W4.3x8.5d) if there is no risk to have live parts accessible in accordance to Annex A.</p> <p>Explanatory notes: --</p>
