

CTL DECISION SHEET

Standard: IEC 61347 Series	Sub clause: 7.1	Sheet N°: 571/06 Page: 1 (1)
Subject: Marking according to the safety requirements	Key words: - Safety requirements - Performance criteria - Performance marking	Meeting: Decision confirmed at 44 th CTL meeting
<p>Question: If control gear is provided with incorrect performance markings, can it be rejected?</p> <p>Decision: The products are only tested to the safety part of the relevant standard. For that reason it is not possible to reject a product, based on wrong performance criteria.</p> <p>Explanatory notes: --</p>
