

**COLLECTION OF THE CTL DECISIONS
DECISION SHEET**

Standard: IEC 60335-1:1976, 2 nd Ed.	Sub clause: 25.13	Sheet No. DSH-471
Subject: Supply connection and external flexible cables and cords	Key words: - connectors	Decision taken at the 40 th CTL meeting 2003
Question: What is acceptable attachment of a special connector system? Rationale: See question. Decision: The connector is considered equivalent to a type M attachment and, therefore, acceptable if the connector cannot be taken off without the aid of a tool. <u>EXPLANATION:</u> The same decision (n.165) is present in the OSM/HA decision list
