

TESTING AND MEASURING EQUIPMENT/ALLOWED SUBCONTRACTING
IEC 61000-4-5:2014, Edition 3.0
Electromagnetic compatibility (EMC)

Part 4-5: Testing and measurement techniques – Surge immunity test

- “R” Required
- “S” May be subcontracted, see OD 2012
- “SF” Specialized Facility, see IECEE 02-2
- “W” Witness testing in the categories “MED” and “MEAS”
- “3PPS” Three Phase Power Supply required

Clause	Measurement/testing	Testing / measuring equipment / material needed	Subcontracting
7	Surge immunity test	Combination wave generator (CWG), coupling/decoupling networks (CDNs)	R
7.6	Surge immunity test to shielded lines	Reference ground plane	R
